(Bergerac)

In discussions with the Kyriad and other people familiar with the restaurant business, there is a growing feeling that Mr. Macron will be lifting outdoor dining around May 15 depending on the covid situation. The Kyriad has offered us the possibility of having our usual lunch/meeting outside next to the pool. If the weather is inclement, we would be able to cancel without financial consequence as indoor dining will probably be prohibited.

We cannot fix a date at this moment, but hopefully it would be sometime in the immediate days after the 15th. May. We would give you this date as soon as Mr. Macron confirms the opening.

This is a great opportunity for all of us to get together again and start 2021 anew. The committee would like to know if in principle you like this idea and would wish to participate though with the obvious understanding that President Macron has still to make his decision.

**It is noted that some members are either not reading their e-mails or no longer wish to continue their membership
So please confirm either way.**
